THE RAYMOND LIONS

Monday night was an important event in the Raymond Lions Club. The program was in honor of the ten past presidents of our Club. The Presidents of the Raymond Lions Club in order of their office have been as follows. Charter President, Rulon Dahl, then Renan Pack, Paul Moreland, Golden Snow, Mutt Ralph, Karl Wilde, Leon Harker, Melvin King, Jack Evans, Herbe Wilde—Rayo Woolf is the President now in Office and Arldge Hill was elected for 1951-52.

Karl Wilde is away on business—the rest of the above Lions were all present for the occasion. All of these men, with one exception, are still active in our own Club. We think this is somewhat of a record—we are proud of them in any case. The Master of Ceremonies, Rayo, expressed the Club's appreciation for their service and support and presented each Past President with half a dozen tumblers with gold rim and Lion's crest embossed on them.

Nora Stone and Doral and Emma Dahl came as guests—Nora sang two very lovely songs from the Operetta, Naughty Marietta. Renan Pack was also special guest for the evening. Our new Lion Tamer, Mas Terakada led the Lions in a bit of roaring. He coaxed us through all four verses of Grandfather's Clock, with the Lions' M. T. special accompaniment. The first President of our Club, Rulon Dahl, gave the special message for the occasion. He developed the theme from our slogan "LIONS—Liberty Intelligence, Our Nation's Safety."

There were thirty-one Lions and four guests out for our dinner. As usual the gang had a hundred and one special meetings on somewhere else. Leon and Golden came late from a School Board Meeting. The Mayor, and Councillors Renan Pack, Will Wilde and Mutt Ralph had to leave early for Town Council Meeting. Bill Greep had a date, Mike went to work and Cal went.

Douglas Paxman gave a report on the progress of the Calf Club. The entire Club visited the members of the Coalfield division last week. They are getting a good course of instruction along with practical experience of grooming and feeding calves. All parents of the boys and girls are invited to go on the inspection tour. Doug wants as many of the Lions Club along as can make the trip. This will be the final meeting of the members of the Raymond Division. The week following is the big show and sale in Lethbridge.

Hiede says that we will get the first unit of the playground finished this month. Wednesday, or when it clears up, the Lions are going to work on the equipment again. There will be time after the storm to get much of the work on this project under way. It would be a big milestone for the Lions if we could get this first unit completed in time for the big Jubilee Anniversary.

The Stampede Ground Committee has called one work bee but the gang shied away from cold windy nights to work on post-holes. We better get some fencing done or there will be a grand hullabaloo on the last day of the month. We need a lot of help to work over the ground and get the place ready for the big show. When the next call is sent out for post-holders, let's get out and bring a shovel and a friend and get this project finished before the deadline.

LET'S GET UP! LET'S GET OUT!
LET'S GET BEHIND THE JUBILEE EXECUTIVE!

COME ON, BE ONE TO MAKE A BIG
1951

Mrs. Spencer of Cardston was a guest at the home of Mr. and Mrs. Athol Cooper on Sunday.

United Church Notes

Sunday School - 11 a.m.
Church Service - 2 p.m.
Every Sunday - Everyone Welcome

The United Church Young People were in charge of the Church Services in Spring Coulee, Raymond and Magrath last Sunday with the following on the program. Prayer by Don Petrak; Children's Story by Dorothy Sakak; Missionary Lesson by Joan Jessop; Sermon by Ray Long of Spring Coulee and a solo by Peter Vanderhill.

To Build Addition To Church

The Home Mission Board have agreed to help the improvement of the local Church building by providing fifty percent of the necessary finances.

A building committee has been formed and will start work immediately making plans for the addition of a hall on the north side of the chapel.

Canvassing will be under way soon. There has long been a need for a hall in which to carry on Church activities that cannot be freely held in the chapel, now with an effort from ourselves we can make use of this opportunity and also complement the town with a more sightly building.

Dick Kinsey has taken over the duties of Town Constable until the vacancy caused by Jack Pittaway's move to Taber can be filled.

Debris Or Not Debris

Say farmers, did you all get copies of that colossal questionnaire from the government regarding census. Not alone a human census but one concerning the cow, the horse and the lowly pig. The questions they do ask! Why some of them are more personal than Zippers. I understand that to be a good census taker one must have at least one conviction from a bonafide judge for being a peeping tom. Looking in windows should not be a definite government requisite but apparently they not alone want to know what's going on, but what's coming off. Oh well a multitude of sins can be concealed under the banner of statistics. Perhaps the bureau could conceivably arrange a working agreement with Dr. Kinsey's men, at least his men would have received the proper training for such a nosy job. I only hope that the bureau of statistics don't go in for the fictional angle and publish articles on the personal life of the farm animals.

Visited the dentist last week. Cavities? Four down and nine to go. Went right home and had a long talk with my boy, persuaded him to go into that lucrative business of cavities. Why those fellows make more money filling holes than Ben Hogan does. I hear Dentists Bingham and Anderson, and incidentally, they are good dentists, take X-Rays of your choppers then mark each prospective decay with a \$ sign. Say I held my mouth open so long on a couple of cavities that my lower jaw was completely dehydrated. I make no claim for women but I'll bet I set a record on the time any man kept his mouth open.

My wife assures me at least once a day that most men help their wives with the dishes. That's where my similarity to most husbands leaves off. When the little woman gets too insistent in the matter, I've found that with a dime for bribe I can still get the kids to wash and wipe, and persuade my wife that we both need the rest.

Miss Dorothy Wilde returned this week from her classes of learning at the BYU. She's rather vague about the degree—the M. R. S. one I mean.

I'll be back next week, the Lord and Max both willing.

SPECIAL NOTICE

Beginners' Registration

All parents who have children ready to start school in the fall are requested to have them registered by the end of May. Children must be six years old on or before September 1, 1951, to be eligible to start school this year.

All children should be registered at the Public School Office before the 15th of June.

Raymond School Board

Card of Thanks

Mr. Albert Jones and family wish to express their sincere thanks to all friends and neighbors who helped in any way, and appreciation for the lovely floral tributes during their recent bereavement in the loss of their wife and mother, Rose Lee Jones.

Last week the Neighborhood Club met at the home of Mrs. Emma Dahl. An enjoyable evening was spent doing fancy work and visiting.

A lovely lunch was served by the hostess.

Just Penning Thanks (Margaret Hussar)

Like to learn a new language in 100 easy lessons. Just ask your teen-age friend to describe some event, and if you don't get the drift, just ask for a translation which may be necessary for every other word.

I suppose there are slang expressions in every age. Not to be outdone the younger generation has adopted a set of vocal hieroglyphics that would rous Totmes from his pyramid. To the average high schooler and even to the youngsters, this tongue-fracturing emission of sound is quite natural once in the system. To the older, more sobered, who have entirely forgotten their pig-latin days, modern slang is more or less a heterogeneous mixture of noises ranging in tone from a puss' meow to a ship's roar. The parents finally became used to the present fad in slang, only to find that overnight the styles in speech have changed. There are, however, a few popular expressions that like "The Tennessee Waltz" persist in holding top spot for months. A few laryngeal hiccupps even find their way into the dictionary.

Here are just a very few common terms heard wherever teen-agers gather:

Is that a way, or is that a way? You know it! Boy, just none clues. Was I browned off? And how! You can say that again. And how! Gads, with my boy, persuaded him to go into that lucrative business of cavities. Why those fellows make more money filling holes than Ben Hogan does. I hear Dentists Bingham and Anderson, and incidentally, they are good dentists, take X-Rays of your choppers then mark each prospective decay with a \$ sign. Say I held my mouth open so long on a couple of cavities that my lower jaw was completely dehydrated. I make no claim for women but I'll bet I set a record on the time any man kept his mouth open.

At Festival 100 Dancers Perform

The Tri-State Dance Festival was held in the Opera House on Saturday night with over one hundred dancers from Cardston, Hartley and Lethbridge as well as Raymond taking part.

The hour and a half long show was under the supervision of Mr. and Mrs. Scott Forsyth of Cardston. Joe Strong was the genial Master of Ceremonies.

The Stake and Ward Dance Directors have a great deal of credit due them for their efforts in teaching the young people the many and varied types of dancing.

Special lighting and costumes added to the festival setting.

General dancing concluded the evening.

Rose Marie Coppieters Weds Peter Bartsch

A pretty wedding of interest to Southern Alberta was solemnized at the farm home of Mr. and Mrs. Pete Coppieters when their third daughter Rose Marie was united in marriage with Peter Bartsch, eldest son of Mr. and Mrs. Pete Bartsch of Raymond. Bishop J. G. Snow officiated at the ceremony.

The bride, dressed in a white gown of bridal satin and a finger tip veil, entered the room on the arm of her father who gave her in marriage. She carried a lovely bouquet of pink roses. The bridesmaid was Miss Jeanette Coppieters, sister of the bride, who wore a blue crepe gown and carried a nosegay of pink carnations, pink roses, lilac and sweetpeas.

Mr. Romain D'hont acted as Best Man.

Following the ceremony a Reception was held in the Canadian Legion Memorial Hall for about 100 guests. Those present enjoyed a lovely old time dance with the DeSmit boys of Brochet supplying the music.

For their honeymoon to Waterton Lakes and points South, the bride changed to a green taffeta dress and wine coat. On their return the happy couple will make their home on the Ellis Heninger farm North of Raymond.

Out of town guests were Mr. and Mrs. K. DeSmit and family from Brocket, Mr. and Mrs. Pete Areshenko, Mr. and Mrs. Wm. Areshenko, Mrs. W. Bennett and son Wm. Bennett, Mrs. M. Areshenko, Mrs. Grace Areshenko and others from Calgary and Lethbridge. Mr. and Mrs. C. A. Peterson of Spring Coulee and Mrs. Pritchard from Roland, Manitoba were also guests.

Mr. and Mrs. Louis Fisher had as their guests for the week-end Mr. and Mrs. Jim Smith of Cardston.

The Plans Are All Made

The Lions Club have arrangements made to make this, their fourth annual Stampede one of the biggest and best celebrations in all fifty of Raymond's golden years.

The two day Stampede will be tops as will the Rotary-supervised parade and all other activities in the big Golden Jubilee Celebration. Fireworks and Carnival attractions will please young and old.

The next half century may belong to Alberta but June 30th and July 2nd belong to Raymond and all the people near and far that will join together to celebrate the fiftieth birthplace of great men and beautiful women.

Mr. and Mrs. E. Gough Wed 50 Years

On June fifth Mr. and Mrs. Eph Gough celebrated that wonderful occasion—their Golden Wedding Anniversary. Now at the ages of 72 and 69 years they are still in good health and still find joy in living.

They were married on June 5th, 1901 in the LDS Temple in Salt Lake City and after living in Leth and Heber, Utah, for a year they moved here where they have stayed. Mr. Gough is a successful farmer.

They have one son, Cliff and have raised two foster daughters, Mrs. Karl Shields from Trail, B. C. and Mrs. Wesley Williams. They have sixteen grandchildren and three great grandchildren.

The Rotary Club held a Farewell Party last Friday evening at the home of Mr. and Mrs. Frank Taylor, honoring the Bill Lows.

Rook was enjoyed with the honored guests winning the partner prize. A lovely silver casserole was also presented to them; a token of the friendship the Rotarians and wives hold for them.

A lovely lunch, furnished by the ladies, was enjoyed at the close of the evening.

At about 10:30 Sunday evening A. E. Hancock put a tin can with a three inch opening, on top of the hedge at his place to see how much rain was going to fall. Wednesday noon after the storm abated he checked and found the can to hold about 3 1/4 inches of water.

The official reading at the factory for the last deluge was 3.46 inches of rain.

Golden Anniversary

Mahouri Young, son of Brigham Young, when he began his famous "This Is The Place" Monument, said "A country which forgets its past will never have a future worth remembering."

I Remember

It is a pleasure for me to recall some of my early experiences in connection with the Town of Raymond.

My father and John W. Taylor had a lot to do in persuading Jesse Knight to come to Canada. Father was present the day the townsite was dedicated and also the sugar factory site. My mother and I hooked up a team of horses early in the morning to our old buckboard and arrived at Raymond in time for the ceremony.

As I recall, John W. Taylor dedicated the factory and after this was done we all went down to the center where the site was dedicated for the Town.

My father, of course, then built the Raymond Mercantile Company and the Hotel and some other buildings on his property. He also commenced the erection of four or five houses in the town and was very much interested in the development of Raymond. He was one of the active and energetic beet growers in his endeavor to support the sugar factory.

One of the pleasant remembrances that I had of those early days was in the building of the race track and grandstand in Raymond. I was Secretary of the Committee. We put a tremendous amount of time and energy into this job and had such good helpers as Will Knight, Tom O'Brien, Ray Knight, Dick Kinsey and so many others whose names I cannot recall at this time.

It is a great pleasure to look back on the fine horse races we used to have at this race track—particularly the matched race between Herman Johnson, whom Ray Knight had bought in Toronto, Canada, and the great Indian horse owned by Charley Powell of Browning, Montana. This was a great event in the history of the community; and as near as I can remember, the boys around Raymond relieved the Indians of considerable money because Ray Knight's horse won.

Of course, my father was the first Mayor of Raymond, and was exceedingly proud of his responsibility.

Through the hospitality of my father and mother, our home was a center in the growing life of Raymond.

These fifty years have gone quickly but it does furnish a choice and rich memory to me.

If it is possible, Marjorie Woolf and I are going to try to be at your celebration.

In any event, my very kindest regards and best wishes for the future growth of Raymond.

Sincerely
Wilson McCarthy

"Grandma" Collett Passes

Mrs. Jane D. Collett, 92 years of age, passed to her reward on Tuesday June 5th, at the local hospital. Mrs. Collett had been the guest of Mrs. Retta Heggie for the month prior to her demise. Funeral services will be held in the Second Ward Chapel at 2 p.m. on Saturday. Christensen Bros. are the funeral directors.

(continued on page three)

NOBLE MODE M

the cultivator that gives
Outstanding Performance
IN CHANGING SOIL-CONDITIONS

Designed to handle ALL SOIL CONDITIONS easily, Noble Cultivator attachments can be supplied for any soil condition. No cultivator without attachments can suit all conditions. Even where a plow will not penetrate, as for after-harvest work in certain dry baked soils, the Noble straight blade attachment will usually penetrate and work satisfactorily.

For weeding and second stroke summerfallow work the weeder blade is readily interchangeable, going on the same frog as the regular shovel blade. This weeder assures a better weed kill than the ordinary blade and should be used wherever the ground is sufficiently loose that it will penetrate. It clears through, penetrates and withstands rocks where the ordinary rod weeder will not.

The Model M shown above is very popular for use with Noble squadron hitches, from two to seven in a unit, for large power.

Write for information, stating your soil type and tractor power.

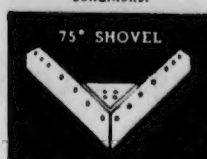

STRAIGHT BLADE ASSEMBLY

For better penetration in extremely hard ground. For extra deep work.

Best for reasonably firm soils and most ordinary conditions.

For sandy soils and very loose-textured black soils, particularly where grassy patches occur.

For all weeding and summerfallow work after the ground has first been loosened by the regular blade. Fits on the same frog as the regular blade.

NOBLE CULTIVATORS

DAHL MOTORS RAYMOND

LaVerl Walburger from Cardston is relieving at the Treasury Branch while Doris Helgeson is on temporary duty at the Lethbridge Branch of the Treasury Branch.

The secret of success of every man who has ever been successful lies in the fact that he formed the habit of doing things that failures don't like to do.

Wool Topping?

Officials in the textile business are watching the current sinking spell in wool prices with more than usual interest, reports the Financial Post. This could be the beginning of a long-awaited correction in skyrocketing wool prices; a move that more and more textile men think essential before clothing markets return to normalcy.

Prices have slipped over 25% in the last two months. What's more, little or no business is being done at today's reduced levels. Just how much prices would have to tumble before domestic mills would chance entering the market again in a big way is anybody's guess.

Another 15% decline would place prices back where they were last September, when the last big buying was done for mill account.

Friday evening Mrs. Betty Evans was hostess to a group of friends for an evening of visiting and doing fancy work. The ladies present were Mesdames Ruth Walker, Lavon Depew, Lucille Shaw, Lucille Evans, Ruth Ackroyd, Hazel Hervey and Maude Rolfsen.

COMRADES COLUMN

(Continued from page 1)

A special meeting of the Executive was held on Wednesday, May 30th, where plans for the Jubilee Celebration were discussed. Several ideas were discussed to be brought before the General Meeting on Wednesday June 13th. This meeting will be one of the most important of the year so all veterans—try and be there.

Our Editor and Publisher is to be congratulated on the installation of a new automatic job press. Investments of this nature show confidence in the community and in the future. There is no reason now why the local printer should not get all local job printing.

Do you think the Town Fathers are going to pass up the opportunity of having at least two blocks of Broadway paved while the paving crew are working within the town limits?

And the rains came

Seen and Overheard at The Club on Wednesday Evening:

Jack Mehew enjoying an evening in the Club Rooms which are now well turned out with knotty pine and red cement floor. "A dream come true" says Jack.

A number of regulars absent. House Manager Slim Hellawell dropping a nickel on the floor as an inducement for someone to sweep up.

Harold MacKean wondering if we'll ever be half the golfer Joe Kirkwood is.

Those who turn squeamish at the sight of a hypodermic needle will soon be able to relax, reports The Financial Post. New instrument called Hypo-spray Jet-Injector has been designed to replace the needle. An instrument about the size of a flashlight, the spray passes through hole said to be 22 times smaller than the finest hollow needle. Spray goes through the hole at a high velocity and strikes fewer pain nerves than a needle.

The Book Lovers Score met this week at the home of Mrs. Mabel Heninger with Mrs. Connie Grant pre-senting a very enjoyable review of the book "The Big Eye" by Max Ehrlich.

Special guests to enjoy the afternoon were Mesdames Emma Dahl, Anne King, Margaret King, and Vera Heninger. A delicious lunch was served by the hostess.
